Fax completed form and copy of patient medical and prescription drug insurance cards to 866-555-0100

Prescription and Patient Support Program Enrollment Form

For timely processing, complete all fields marked with an asterisk. Fax the completed form and a copy of the patient's medical and prescription drug insurance cards to 866-555-0100. For questions, call 800-555-0123 (Mon-Fri, 8 AM-8 PM ET). This form is used to enroll a patient in the Patient Support Program, including, if applicable, copay and bridge support for eligible patients. See terms and conditions on pages 4 and 5.

For patient to complete *Required to process enrollment

1 Patient authorization

By signing below, I authorize my health care practitioners, pharmacies, health plan, and insurers to disclose my protected health information (PHI), which may include my medical condition, treatment, care management, health insurance, medication history, and prescription details, to the Program and its partners so they can provide the following support services:

- To help coordinate insurance coverage for, access to, and receipt of my medication.
- To communicate with me about my medication, treatment, and possible financial assistance, and to administer my participation in any sponsored assistance program.
- To assist in the general administration of the Program and to provide educational services.
- To conduct quality assurance and ask for feedback about the services or my treatment.

I understand the Program may share my PHI with my providers, payors, or other assistance programs that might help me pay for my medication. Once my PHI is disclosed, it may no longer be protected by HIPAA. I do not have to sign this authorization to get my medication or insurance coverage. I have a right to a copy of it, and I can revoke it at any time by calling the Program. This authorization expires 5 years after I sign it, or earlier if required by state law. Cancelling it will not affect my providers' treatment or my insurance benefits.

Notice and consent to use and disclose personal and consumer health data

The Program will process your personal data, including data that may be considered consumer health data under certain privacy laws (name, contact information, symptoms or condition, diagnosis, and prescription medication), in accordance with its privacy statement. I understand my participation requires the Program and its partners to collect, use, and disclose this data to administer the Program, communicate with me about my medication and treatment, conduct quality assurance, meet safety reporting rules, and tell me about possible financial assistance. I may revoke my consent at any time by contacting the Program.

☑ **YES,*** I agree to the use, disclosure, and related processing of my personal and consumer health data by the Program and its partners for the purposes described above. Check this box to enroll.

Consent to receive communications by automated text message (optional)

☑ **YES,** I authorize the Program and its partners to send automated text messages to the mobile number above with important information about the Program. Opting in is not required to participate. Message and data rates may apply. Message frequency varies. Text STOP to stop. Text HELP for help.

7 Prescriber certification*

By signing this form, I certify that, under HIPAA and other applicable privacy laws, I have this patient's authorization and consent on file to disclose their protected health information to the Program and its partners, including the dispensing pharmacy. I understand the Program will use the information on this form to provide logistical and non-medical treatment support and education about the insurance process. I understand the Program may be modified or ended at any time without notice and makes no representation or guarantee about coverage or reimbursement. I have read the terms and conditions and certify that the requirements for each program selected are met. I agree that (a) any product or service provided through the Program is for the named patient only and is not given in exchange for any agreement that I would recommend, prescribe, or use any product for any other person; (b) my decision to prescribe was based solely on my professional determination of medical necessity; and (c) I will not seek reimbursement for any product or service provided through the Program from any government program or third-party insurer. I authorize the Program to send this prescription on my behalf to the designated pharmacy by any means the law allows.

Stamped signatures are not accepted. Fax the completed form and insurance card copies to 866-555-0100.

Terms and conditions

Eligibility. Support services are offered to patients with a valid prescription who meet the program criteria. Eligibility is determined by the Program and may change at any time.

No obligation. Enrollment does not obligate the patient or the prescriber to purchase, prescribe, or recommend any product, and has no effect on the patient's treatment or insurance benefits.

Financial assistance. Copay and bridge support are available only to eligible patients. They cannot be combined with any federal or state health care program benefit, including Medicare, Medicaid, and TRICARE. Offers are void where prohibited by law.

Reporting. The patient and prescriber agree to report the value of any assistance received to any insurer or payor that requires it, as the terms of that plan direct.

Changes. The Program may modify or end any service at any time without notice. Assistance does not guarantee coverage or reimbursement.

Terms and conditions (continued)

Privacy. The Program handles personal information as described in its privacy statement. The patient may ask what information is held, request a correction, or withdraw consent by contacting the Program. Withdrawing consent may end the patient's eligibility for support services.

Pharmacy dispensing. The prescription is sent to the pharmacy named in section 4. The pharmacy, not the Program, is responsible for dispensing. The patient may ask to use a different pharmacy.

Contact. By enrolling, the patient agrees that the Program and its partners may contact them by phone, text, mail, or email at the details provided, about their enrollment, coverage, and shipments.

Questions. Call 800-555-0123, Monday through Friday, 8 AM to 8 PM ET, or fax 866-555-0100.

Important safety information

Representative sample text for demonstration only. This form is not a real enrollment form and describes no actual product. In a live program, this section carries the product's important safety information and a link to the full prescribing information and patient information.
